

**PRS** INTERNATIONAL

24/7 Excelling in Service!

# Company Presentation

a VolkerWessels company

# PRS INTERNATIONAL

## Main services

- > Onshore and offshore
- > Petrochemical Industry
- > Refineries
- > Oil and gas industry
- > Dutch, English, German and French representatives

***24/7 Excelling at services!***

**Pipeline services**

**Nitrogen services**

**Pre-/Commissioning services**

**Pigging services**

**Process services**

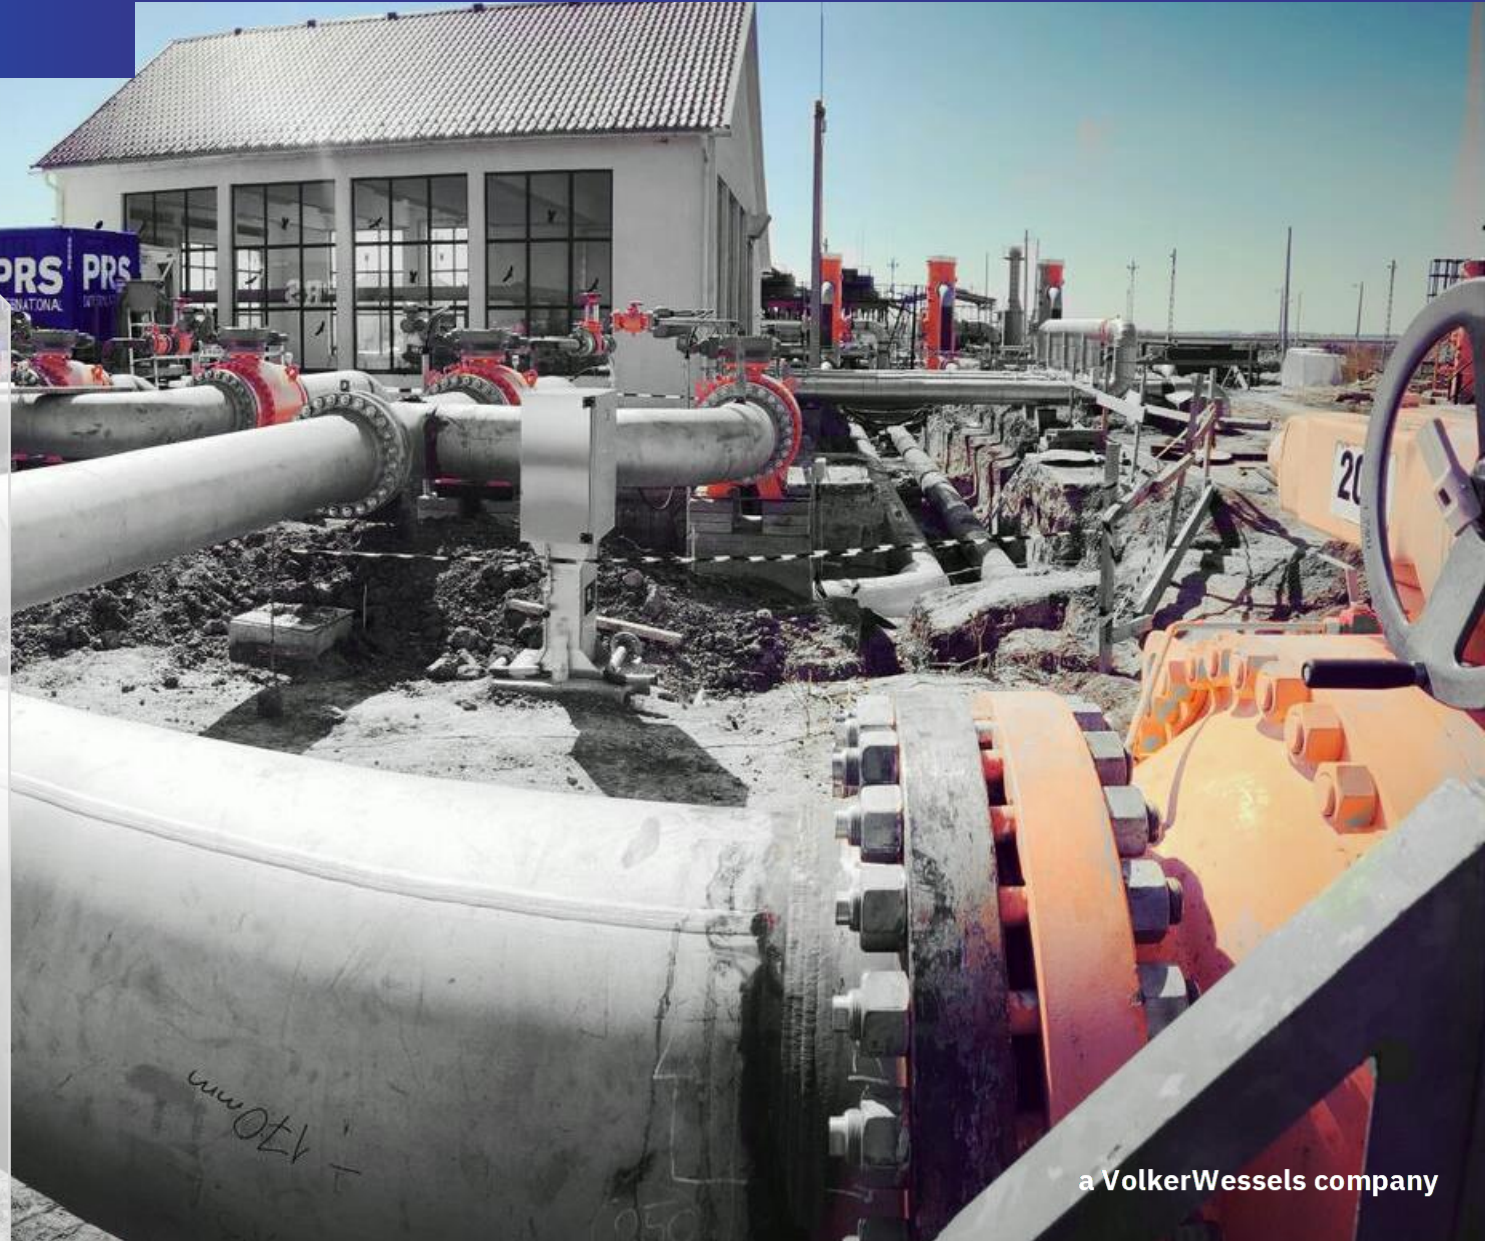

**Turnaround services**

# PRS INTERNATIONAL

## Pipeline Services

- > In-line inspection in water, nitrogen or product
- > On-line product filtering
- > Displacement by nitrogen or air including flaring
- > Testing hydrostatic and pneumatic
- > Mechanical works
- > Launchers, receivers and full-bore valves up to 36-inch
- > Commissioning and de-commissioning
- > Chemical cleaning

# PRS INTERNATIONAL

## Nitrogen Services

- > Pumps, ambient vaporizers and steam vaporizers
- > Purging and drying pipelines, systems and plants
- > Liquid and gas reactor and vessel cool-down
- > Reactor heat-up
- > Hot-stripping
- > Leak testing helium and nitrogen
- > Tightness and strength testing
- > Inerting pipelines, systems, plants and vessels

## Refinery Services

- > Reactor heat-up or cool-down
- > Testing hydrostatic, pneumatic or leak testing with helium
- > Start-up or shut-down displacement, inerting or purging
- > Process services de-gassing or gassing-up spheres, tanks, systems, pipelines or vessels
- > Flaring services
- > Chemical cleaning
- > Engineering and mechanical services at stops and turnarounds

***PRS International** offers a one-of-a-kind engineering solution including a test-pack database, which can contain all the P&ID's. This together with our dedicated engineering support secures the efficient progress of the project.*

## International relations

Germany	Portugal
Belgium	England
France	Portugal
Greece	Bosnia - Herzegovina
